IN THE HEART OF THE GOLDEN MILE

ARCHITECT GONZÁLEZ & JACOBSON

More than three decades shaping spaces across Spain and beyond. Rooted in Mediterranean tradition, their work balances past and present—light and shadow, form and silence.

Recognised for rigour and innovation, the firm designs in dialogue with the landscape—where structures feel placed, not imposed. Led by Rodolfo Amieva Jacobson and Diego Macías Domínguez, the studio continues to shape contemporary living through residences that balance elegance and functionality with a profound respect for the environment.

Noura is a collection of three exclusive villas set within Lomas del Virrey, a prestigious community within The Golden Mile—a private retreat in one of Marbella's most sought-after locations.

Developed by Prestige Expo in collaboration with González & Jacobson Arquitectura, Noura proposes a seamless in-out lifestyle, where architecture and nature coexist in quiet balance.

Expansive interiors open onto panoramic terraces, private gardens, and pools, creating a continuous flow between indoor and outdoor living.

Minutes from the beach, Puente Romano, and Marbella's most prestigious clubs, Noura is designed for life by the sea —where calm, space, and discretion come naturally.

NOURA

Light shapes every moment—
**the golden glow of day, the silver calm
of night, the endless sky in between.**

**CLOSE TO EVERYTHING.
APART FROM IT ALL**

NOURA

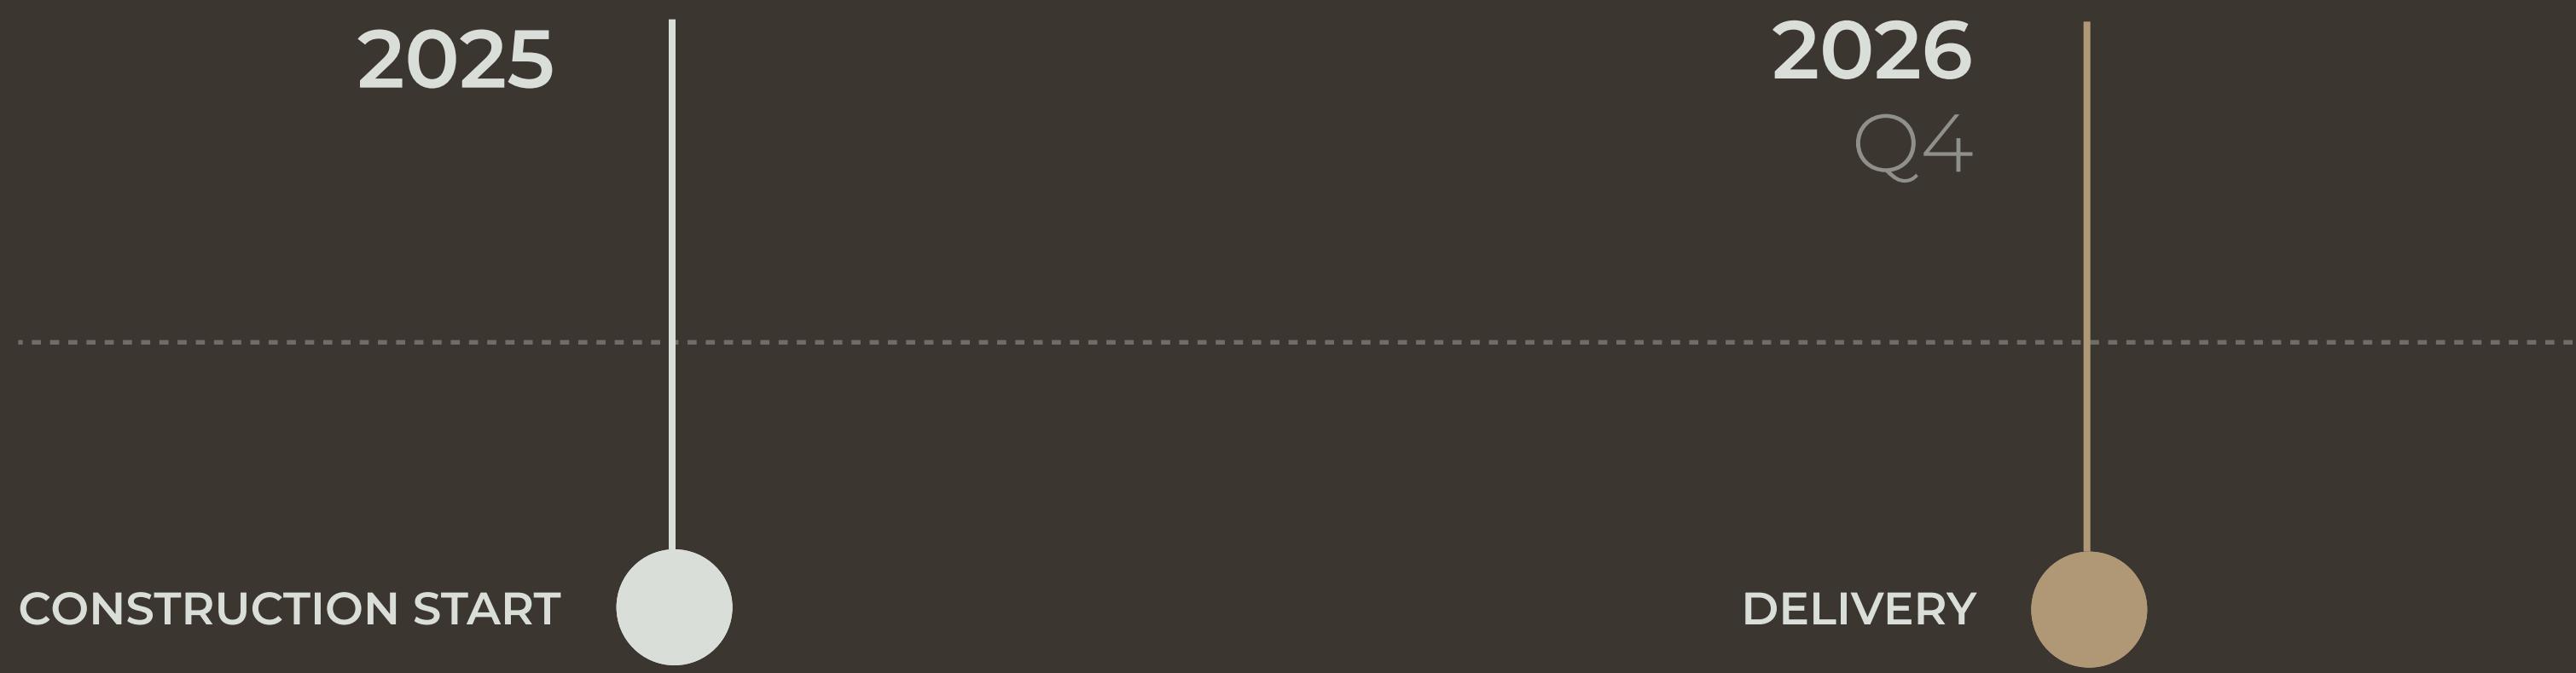

To live at Noura is to move between worlds—a walk from the beach, from Michelin stars and sea-view chiringuitos, from golf fairways and clay courts, from designer boutiques and cobbled streets.

In an hour, the Atlantic breeze in Tarifa or the stillness of Ronda's vineyards. In two, the snow in Sierra Nevada or the beauty of Córdoba, Granada, and Seville. With Málaga and Gibraltar airports nearby, departure is simple—return, always intentional.

NOURA

INSPIRED BY LIGHT

Noura means brightness.

A name that reflects the clarity of Marbella's skies and the warmth of its ever-present sun.

Here, light shapes every hour—from the golden hush of morning to the silver calm of night. This is the essence of Moon, Sun, and Sky: three villas in conversation with their surroundings, where architecture and nature move in harmony, and light defines the experience of home.
